

K-12 INSTRUCTIONAL ASSISTANT TRAINING COURSE

An Instructional Assistant supports the primary teacher in a K-12 classroom.

As an Instructional Assistant (IA), duties may include:

- Working with students (individual or small groups) to help them understand the lesson taught by the teacher
- Helping supervise students
- Preparing, organizing, and cleaning up learning materials
- Grading papers
- Assisting in the implementation of individual education plans
- Providing routine clerical support

Whether you want to start your education career or already have a job, this introductory 3-hour course will provide behavioral support strategies (the foundation for IA success) and resources you can use throughout the school year!
